signs the Code of Conduct on Data Centres and commits itself to abide to the principles described in the Code.

1. The company is signing the Code of Conduct as an Endorser to the Code in the role of:

- Vendor or Manufacturer
- Consultancy (design, engineering, maintenance and service companies)
- Utility
- Government agency
- Non governmental organisation
- Industry Association or Professional and Standards body.**
- Educational institution
- Participant (data centre operator or owner) whose domain of control is less than the full range of the Code and best practices

2. Please add a description of which services, products, solutions you offer to make data centres more efficient (if space below not enough attach additional sheets):

Cemep UPS is the European association of static UPS manufacturers regrouping through the National Committees more than 10 UPS manufacturers. The secretariat of the Cemep is held by the Gimélec, the French trade association for electrical equipment, automation and related services. Over the last few years various working groups have been set up in the Cemep UPS not only to design standards in the UPS markets but more importantly to improve Energy Efficiency through common measures in designing and servicing their equipments.

These working groups include members of key actors from the UPS industry.

CEMEP UPS intends to promote the european code of conduct for Data Centers. The Cemep has also participated to the works of the JRC related to the UPS Code of Conduct.

The Cemep UPS has pro-actively committed with its members to sign the UPS Code of Conduct in force since 2008.

CEMEP UPS will also work on improving the energy efficiency of products marketed by its members through pro-active actions.

CEMEP UPS has also released a brochure on environment with a special focus on Energy Efficiency and the measures taken by the UPS industry to improve it.

3- Please add a description of the actions which your organisation will carry out to promote the Code of Conduct and its goals to your clients, suppliers or members (when annual reporting is due, Endorser must provide evidence of the implementation of the actions):

Cemep UPS by the means of its regular meetings will actively promote the CoC on Data Centers to its members and also to the different European government authorities. Cemep UPS will actively push its members to promote the CoC with their customer base. The Data Center CoC will systematically be addressedn the agenda of the on-going meetings..

4. Please indicate which data centres, operators or sectors you will engage to persuade to implement or participate in the Code of Conduct

CEMEP UPS will actively work with its European members to have their customers engage in the CoC and promote its values.

Meanwhile CEMEP UPS will also work with the European governments to make them realise the need to have its application reinforced in Europe.

5. Please describe how your offerings will support the commitments relevant to your organisation's category, as listed:

Cemep UPS does not have an offer as such but it will launch several lobbying actions with the goal to increase Energy Efficiency and to have the European stakeholders in the Data Centers market adopt and reinforce the use of the Code of Conduct.

This will mostly consist in developing actions:

- **with its members during on-going committees meetings that are being held on a regular basis. The topic of energy efficiency on Data Centers and the implementation of the Code of Conduct will systematically be addressedand will be on the agenda of these meetings with the goal to implement measures in the future designs**
- **towards the European governments and public authorities in Europe within the frame of the lobbying actions that Cemep and its members have with them**
- **With the press and newspapers organisations either directly or through their members marketing groups**
